

Outdoor Optical Fiber Direct Buried Cable GYFTA53 Double Jacket For Underground

Our Product Introduction

for more products please visit us on fiberoptical-cables.com

Basic Information

- Place of Origin: CHINA
- Brand Name: PUNAISGD/CABLEPULS
- Certification: ISO/CE/ROSH
- Model Number: GYFTA53
- Minimum Order Quantity: 2km
- Price: negotiable
- Packaging Details: wooden/ spool drum
- Delivery Time: 5-25days
- Payment Terms: 30%TT as deposit,70%Balance before shipping.
- Supply Ability: 100km

Product Specification

- Item No.: GYFTA53
- Armored: Yes
- Armored Type: Double Armored
- FACTORY: DIRECTLY FACTORY
- Fiber Type: G.652D
- Application: Directly Buried
- Highlight: **Direct Buried Cable GYFTA53,
Optical Fiber Direct Buried Cable,
Underground Direct Buried Fiber Cable**

Product Description

Outdoor Optical Fiber Cable GYFTA53 Double Jacket For Underground Direct Bury

GYFTA53 cable is a type of outdoor, armoured fiber optic cable designed for long-distance, high-capacity communication networks. It is commonly used in both aerial and underground installations.

The cable features a central tube design with stranded loose tubes and water-blocking gel. The loose tubes provide protection to the fibers and allow for easy installation and maintenance. The gel provides water resistance, making the cable suitable for deployment in harsh environmental conditions.

GYFTA53 cable also features a corrugated steel tape armor, providing physical protection against rodent bites, moisture, and other external threats. This makes it ideal for use in areas where the cable is exposed to potential damage.

The cable is available in various fiber counts to meet different capacity requirements, and it can be customized with different sheath materials for specific environmental conditions, such as UV resistance or fire retardancy.

Overall, GYFTA53 cable is a reliable and durable solution for long-distance, high-capacity fiber optic communication networks, offering excellent performance and protection in demanding outdoor environments.

COMPANY PROFILE

ABOUT FIBER

Guangzhou fiber cablepuls co.,ltd

Fiber cablepuls is one of the high-tech fiber optic cable factories in China that can produce the most complete series of fiber optic cables, equipped with the most advanced fiber optic cable manufacturing, and have the most advanced fiber optic connector production and testing equipment in China.

The factory has obtained SGS ISO9001-2015, ISO14001-2004 and GB/T28001-2001 successively obtained international system certification.

Over the past 12 years, we have provided optical cable products and comprehensive solutions to more than 90 countries and regions around the world, and have received unanimous praise from customers, such as foreign telecom departments of the United States, Mexico Telecom, Thailand Telecom, Philippines Telecom, etc.; domestic customers include: China Mobile, the General Administration of Radio, Film and Television, Lenovo, and many other large national enterprises.

FAQ

1. Why choose us?

We are manufacturer, Located in Guangzhou, China, started from 2011, sell to Domestic Market(100.00%). There are total about 11-50 people in our factory.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3.Can you send products to my country?

Sure, we can. If you do not have your own ship forwarder, we can help you.

4. Can you do OEM for me?

We accept all OEM orders,just contact us and give me your design.we will offer you a reasonable price and make samples for you.

5. what services can we provide?

Accepted Delivery Terms: FOB,CIF,EXW

Accepted Payment Currency:USD,EUR,JPY,CAD,AUD,HKD,GBP,CNY,CHF;

Accepted Payment Type: T/T,L/C,D/P D/A,PayPal,Western Union,Escrow;
