

ADSS Outdoor Aerial Fiber Optic Cable 200 Rolls Fast Delivery

Our Product Introduction

for more products please visit us on fiberoptical-cables.com

Basic Information

- Place of Origin: GUANGZHOU/CHINA
- Brand Name: PUNAISGD/CABLEPULS
- Certification: ISO/CE/ROSH
- Model Number: ADSS
- Minimum Order Quantity: 2km
- Price: negotiate
- Packaging Details: Wooden Spool /drum
- Delivery Time: 5-25 days
- Payment Terms: 30% TT as deposit, 70% Balance before shipping
- Supply Ability: 100km

Product Specification

- Type: ADSS
- Out Sheath: Double Jacket
- Fiber: SM G652D
- Samples: Free Sample
- Fiber Mode: Single Mode
- Sheath Material: HDPE MDPE(Double Jacket)
- Highlight: **ADSS Aerial Fiber Optic Cable, Outdoor Aerial Fiber Optic Cable, 200 Rolls Aerial Fiber Cable**

Product Description

ADSS Outdoor Fiber Optic Cable 200 Rolls Fast Delivery Aerial Kable Fiber

Products Description

All-Dielectric Self-Supporting (ADSS) fiber-optic cables are capable of being installed autonomously, without the need for a separate messenger wire or support system. They feature a central conduit to accommodate the optical fibers, which are then shielded by aramid fiber layers and an outer protective sheath. The fully dielectric nature of ADSS cables makes them ideal for installation in areas with notable electrical interference, such as in the vicinity of power lines. ADSS cables are often utilized for long-distance, high-voltage applications, such as spanning over power lines, railways, highways, and rivers. Their self-supporting characteristic simplifies the installation process, making it more cost-effective compared to traditional fiber-optic cables by removing the need for additional support structures. Furthermore, the use of ADSS cables can diminish the visual impact of overhead fiber-optic installations. In essence, ADSS cables provide a versatile, efficient, and durable solution for fiber-optic communications in challenging outdoor environments, with a unique design and construction that make them suitable for a wide array of applications, ensuring reliable and high-performance connectivity even in the most demanding conditions.

Details Images

Characteristics:

1. The cable's framework is fortified by dielectric material-based strength members, free from metallic elements.
2. A unique gel inside the tube delivers essential protection for the optical fibers.
3. The central strength members, fabricated from FRP and enriched with Dupont's aramid yarn, contribute to the cable's durable build.
4. The cable attains remarkable attenuation, reflecting its high AT performance.
5. It exhibits reliable performance across various temperatures and includes anti-aging capabilities, diminishing the environmental stress on towers from harsh weather conditions.

Product Paramenters

Cable Structure						
NO.OF FIBER (CORES)	6/12/24	48	72	96	144	288

Climate condition	No ice, 25m/s max wind speed					

Factory Profile

ABOUT FIBER

Guangzhou fiber cablepuls co.,ltd

Fiber cablepuls is one of the high-tech fiber optic cable factories in China that can produce the most complete series of fiber optic cables, equipped with the most advanced fiber optic cable manufacturing, and have the most advanced fiber optic connector production and testing equipment in China.

The factory has obtained SGS ISO9001-2015, ISO14001-2004 and GB/T28001-2001 successively obtained international system certification.

Over the past 12 years, we have provided optical cable products and comprehensive solutions to more than 90 countries and regions around the world, and have received unanimous praise from customers, such as foreign telecom departments of the United States, Mexico Telecom, Thailand Telecom, Philippines Telecom, etc.; domestic customers include China Mobile, the General Administration of Radio, Film and Television, Lenovo, and many other large national enterprises.

HOT-SALE PRODUCT

FAQ

1. Why choose us?

We are manufacturer, Located in Guangzhou, China, started from 2011, sell to Domestic Market (100.00%). There are total about 11-50 people in our factory.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3.Can you send products to my country?

Sure, we can. If you do not have your own ship forwarder, we can help you.

4. Can you do OEM for me?

We accept all OEM orders,just contact us and give me your design.we will offer you a reasonable price and make samples for you.

5. what services can we provide?

Accepted Delivery Terms: FOB,CIF,EXW

Accepted Payment Currency:USD,EUR,JPY,CAD,AUD,HKD,GBP,CNY,CHF;

Accepted Payment Type: T/T,L/C,D/P D/A,PayPal,Western Union,Escrow;

Language Spoken:English,Chinese
