

## PA2000 Fiber Optic Anchoring Clamp for ADSS OPGW Cables 11-15mm

Our Product Introduction

### Basic Information

- Place of Origin: GUANGZHOU/CHINA
- Brand Name: PUNAISGD/CABLEPULS
- Certification: ISO/CE/ROSH
- Model Number: Anchoring Clamp PA2000
- Minimum Order Quantity: 1 piece
- Price: negotiate
- Packaging Details: catron
- Delivery Time: 5-25 days
- Payment Terms: 30% TT as deposit, 70% Balance before shipping
- Supply Ability: negotiate

### Product Specification

- Applications: Hanging Cable
- Quantity: 50pcs/Outer Box
- Carton Size: 25.5kg/Outer Carton
- G.Weight: 26.5kg/Outer Carton
- OEM: Available
- Package: Carton
- Highlight: **Fiber Optic Cable Anchoring Clamp, Anti Corrosion Anchoring Clamp, Anchoring Clamp PA2000**

## Product Description

### Anchoring Clamp PA2000 Fiber Optic Cable Accessorie Anti Corrosion

#### Product Attributes

Attribute	Value
Applications	Hanging cable
Quantity	50pcs/Outer box
Carton Size	25.5kg/Outer Carton
G.Weight	26.5kg/Outer Carton
OEM	available
Package	Carton

#### Product Description

ADSS OPGW OPPC Accessory Anchoring Clamp PA2000

The anchoring cable clamp is of high quality and durable. This product consists of two parts: a stainless steel wire and its main material, a reinforced nylon body that is lightweight and convenient to carry outdoors. The clamp's body material is UV plastic, which is friendly and safe and can be used in tropical environments.

The FTTH anchor clamp is designed to fit various ADSS cable designs and can hold cables with diameters of 11-15mm. It is used on dead-end fiber optic cables. Installing the FTTH drop cable fitting is easy, but preparation of the optical cable is required before attaching it. The open hook self-locking construction makes installation on fiber poles easier. The anchor FTTX optical fiber clamp and drop wire cable brackets are available either separately or together as an assembly.

### **Product Features**

- Good anti-corrosion performance
- Abrasion and wear resistant
- Maintenance-free
- Strong grip to prevent the cable from slipping
- Body is cast of nylon body, it's lightly and convenient to carry outside
- Stainless steel wire has guaranteed firm tensile force
- Wedges are made of weather resistant material
- The installation does not require any specific tools and the operating time is drastically reduced
