Product Overview

The ASU Cable is a Self-Supported Optical Cable designed for device connections, suitable for both urban and rural network environments. Available in 80 or 120 meter options, it features an FRP strength member for improved traction and electrical discharge prevention, with easy setup that doesn't require guy wires or grounding.

Cable Structure

- **PE Enclosure:** Protects against environmental stress and extends service life
- **FRP Components:** Provides reinforcement and electrical safety
- **Facilitator Cord:** Enables rapid and efficient cable installation

- ## Technical Parameters
